

The Power of Interfaith Alliance

Who We Are

Interfaith Alliance is a network of people of diverse faiths and beliefs from across the country working together to build a resilient democracy and fulfill America's promise of religious freedom and civil rights for all, not just for some.

We mobilize powerful coalitions to challenge Christian nationalism and religious extremism, while fostering a better understanding of the healthy boundaries between religion and democracy. We advocate at all levels of government for an equitable and just America where the freedoms of belief and religious practice are protected, and where all persons are treated with dignity and have the opportunity to thrive. **We invite you to join us!**

Whether you are part of an existing interfaith organization or an informal group of activists, we invite you to consider becoming part of our affiliate network. We can support and empower you to build bridges across religious differences and protect true religious freedom.

Our Affiliate Network

From the very start, our affiliate network has been a key component of Interfaith Alliance's work. Some affiliates have long histories and others are just starting out - but they all work on the issues that directly affect their local communities.

For instance, the Interfaith Alliance of Iowa was founded the same year as the national organization and has been working across the state to advocate for racial justice, strong public schools, and fair and impartial courts. Meanwhile, in the spring of 2023, the Interfaith Alliance of Southwest Florida became the newest addition to our affiliate network. They have built a strong interfaith coalition with more than 200 members, demonstrating the critical importance of Interfaith Alliance's mission in their community. In the coming year, the Interfaith Alliance of Southwest Florida will be focusing its efforts on combating hate and opposing efforts to bring Christian nationalism into public schools.

You can also join us by becoming a partner organization. We are happy to affiliate with established organizations who want to join our network. We seek to provide partners with a variety of ways to engage without requiring them to alter their branding or organizational identity.

National Support for Local Work

We recognize the power of building interfaith coalitions. We are stronger together, joining diverse voices to challenge extremism and promote true religious freedom. As a part of Interfaith Alliance's state and local network, you will have access to tools to further true religious freedom and strengthen democracy in your community. These benefits include:

- **Expert Resources** | Interfaith Alliance supports our affiliates and local networks with comprehensive toolkits, explainers, and talking points. By tapping into our policy expertise, you can ensure you have the latest messaging guidance and information you need to effectively fight for true religious freedom in your community.
- **Training** | Interfaith Alliance offers a suite of trainings to equip our affiliates including communications training, faith-advocacy training, mobilizing against Christian nationalism, and a deep dive into the history of religious freedom. Our goal is to empower our network with the knowledge and tools they need to effect change.
- **Grants** | Interfaith Alliance offers grants to affiliates and interfaith networks. These funds support projects focused on promoting true religious freedom and protecting democracy. Applications are rolling throughout the year and we attempt to make reporting helpful but not onerous.
- **Convening** | We are stronger together. By becoming part of Interfaith Alliance's network of affiliates and local organizations, you are connected to a community of activists doing work across the country. We provide opportunities for our partners to convene, share ideas, and collaborate on projects that build power on a national level.
